Disability Support Program & Services

***630D SELF-ADVOCACY- DSPS**

This course is designed for students with disabilities who want to develop or improve self-advocacy skills. Topics include communication skills, rights and laws related to disability, self-determination, goal setting skills, and assertiveness skills. Students will learn how to build an advocacy team. This course will prepare students to better advocate for their wants and needs in various areas of their lives. (FT)

Offered At: None

Action(s) Proposed: New Course

Originating Campus: Continuing Education

Effective: Fall 2018
