Miramar College Fact Book 2015

OVERVIEW

This Fact Book is a publication of the Office of Institutional Research and Planning for the San Diego Community College District. It is designed to serve the information needs of the college community with a primary focus on student enrollment, demographics, and outcomes.

The Fact Book is a rich source of collegewide trend information that may be used for planning and decision making. The book contains the following five sections:

- 1) Headcount and Student Characteristics. Provides information on student demographic characteristics (e.g., age, ethnicity, and educational objective) over five years.
- 2) Persistence Rates. Provides information about first-time to college students who complete a fall term and enroll in the subsequent spring and fall terms. The information is also reported by demographic characteristics of interest.
- 3) Student Completion. Provides information on students' successful course completion rates, retention rates, GPA, awards conferred, and transfer volume. All of the information is provided in summary form, as well as by demographic characteristics of interest.
- 4) Productivity and Efficiency. Provides information on annual FTES, enrollment and fill rates, and Load (WSCH/FTEF).
- 5) Human Resources. Provides information on the number of employees by employment type, ethnicity, and gender.

Each section contains the following benchmarks: 1) The percentage change or percent difference over the five year period being reported, 2) The collegewide average, and 3) The "All Colleges" in the district average (excludes Continuing Education).

Miramar College Fact Book 2015

Mission

San Diego Miramar College's mission is to prepare students to succeed in a complex and dynamic world by providing quality instruction and services in an environment that supports and promotes diversity, while emphasizing innovative programs and partnerships to facilitate transfer preparation, workforce training, and career advancement.

Vision

San Diego Miramar College will be a hub of education, diversity, and services to our community.

San Diego Miramar College, in keeping with this vision, supports and emphasizes the following guiding values:

- Access, learning and success of all students
- A collegiate college community that offers civility, mutual respect, courtesy, appreciation, and accountability
- Accomplishments of individuals, groups and the college as a whole
- Diversity of our students, staff, faculty and programs that reflect our community
- Creativity, innovation, flexibility and excellence in teaching, learning and service
- The ability to recognize and respond to opportunities
- Collaboration and partnerships
- Participatory governance and communication
- Sustainable practices in construction, curriculum and campus culture

Section I

Headcount and Student Characteristics

Miramar College Fact Book 2015

This section of the Fact Book contains student headcount by various student characteristics. The headcount figures are individual counts of students, or unduplicated headcount, based on official census counts at the end of the semester. Drops, never attends, and cancelled classes are excluded, as well as year-long summer in-service classes at Miramar College. The headcount information is reported over a period of five years to analyze trends and establish benchmarks. Headcount information is reported by the following segments:

- 1) Overall
- 2) Gender
- 3) Ethnicity
- 4) Age
- 5) Enrollment Status
- 6) Educational Objective
- 7) Primary Language
- 8) Prior Education Level
- 9) Service Area of Residence
- 10) First Generation
- 11) Residency Status
- 12) DSPS
- 13) EOPS
- 14) Day, Evening, and Online Status
- 15) Military Status
- 16) Units Attempted by Units Earned

Miramar College Fact Book 2015

Overall Headcount: Unduplicated headcount for Miramar College showed a 44% decrease, from 7,529 in Summer 2010 to 4,196 in Summer 2014. Unduplicated headcount for Miramar College showed a 4% decrease, from 12,490 in Fall 2010 to 12,009 in Fall 2014. Unduplicated headcount for Miramar College showed a 3% decrease, from 13,655 in Spring 2011 to 13,258 in Spring 2015.

Miramar College Fact Book 2015

Headcount by Age: Students who were between ages 18 and 24, on average, constituted almost half of the Miramar student population (49%). All of the age groups displayed a decrease in headcount between Fall 2010 and Fall 2014 except for students between ages 18 and 24, which remained relatively steady in headcount (1% change). Student headcount for those who were between ages 18 and 24 displayed the greatest disparity at Miramar College when compared to the student headcount of the same age group for all colleges in the District (49% & 54%, respectively).

Miramar College Fact Book 2015

Headcount by Disability Support Programs and Services (DSPS): On average, 3% of the Miramar student population received disability support services between Fall 2010 and Fall 2014. This was equal to the percentage of students served by DSPS for all colleges in the District (3%). Moreover, the number of students who received disability services increased 60% between Fall 2010 and Fall 2014, while those who had not received disability services decreased 5%.

Headcount by Extended Opportunity Programs and Services (EOPS): On average, 4% of the Miramar student population received EOPS services between Fall 2010 and Fall 2014. This was comparable to the percentage of students served by EOPS for all colleges in the District (3%). While students at Miramar who had received EOPS services increased 27%, students who had not received EOPS services decreased 5% between Fall 2010 and Fall 2014.

Headcount by Units Attempted by Units Earned: Table 1.16 shows the interplay between units attempted (in rows) and units earned (in columns). The greatest proportion of students who earned the units attempted were those in the 0.1-2.9 unit range on average (89%). The lowest proportion of students who earned the units attempted were those in the 9.0-11.9 unit range on average (59%). Students who attempted and earned 12.0 or more units increased 35% between Fall 2010 and Fall 2014.

**Section II
Persistence Rates**

Miramar College Fact Book 2015

This section of the Fact Book contains information on the term and annual persistence rates for first-time to college students. For purposes of this report, the term persistence rate is the percentage of first-time to college students who enrolled in a fall term as of official census who received a grade notation of A, B, C, D, F, P, NP, I, or RD and who enrolled in at least one course in the subsequent spring term and received a grade notation of A, B, C, D, F, P, NP, I, or RD (SDSU and UCSD-only students and sections are excluded. Intersession, tutoring, in-service, and cancelled classes are excluded). Annual persistence follows the same operational definition; however, student enrollments are tracked from fall to spring to fall.

The information in this section includes five years of data and is reported as follows:

- 1) Overall
- 2) Gender
- 3) Ethnicity
- 4) Age

Miramar College Fact Book 2015

Overall Persistence: The average term persistence rate of first-time students at Miramar College was 69% among the Fall 2009 to Fall 2014 cohorts. The average annual persistence rate among the Fall 2009 to Fall 2013 cohorts was 49%. Overall, term persistence rates increased 12 percentage points, from 64% in Fall 2009 to 76% in Fall 2014. Annual persistence rates increased three percentage points, from 46% in Fall 2009 to 49% in Fall 2013. The average term and annual persistence rates of first-time Miramar College students were lower compared to the average term and annual persistence rates of first-time students enrolled in all colleges in the District (77% & 56%, respectively).

Figure 2.1. Miramar College First-Time Student Overall Annual Persistence

Table 2.1. Miramar College First-Time Student Overall Term and Annual Persistence

Cohort	Fall Enrolled Cohort	Term Persistence Counts	Term Persistence Rates	Annual Persistence Counts	Annual Persistence Rates	All Colleges Term Persistence	All Colleges Annual Persistence

Source: SDCCD Information System

Note. Overall annual persistence counts and rates exclude the Fall 2014 cohort due to the unavailability of Fall 2015 data.

Miramar College Fact Book 2015

Annual Persistence by Gender: On average, annual persistence rates of female students (51%) were higher than their male student counterpart (47%) between the Fall 2009 and Fall 2013 cohorts. Persistence rates for female students increased nine percentage points between the Fall 2009 and Fall 2013 cohorts. However, persistence rates for male students were the same among the Fall 2009 and Fall 2013 cohorts (46% each).

Miramar College Fact Book 2015

Annual Persistence by Age: On average, from the Fall 2009 cohort to the Fall 2013 cohort, annual persistence rates were the highest among the 18-24 age group (52%), followed by students under age 18 (47%). Annual persistence rates increased 10 percentage points between the Fall 2009 and Fall 2013 cohorts for students in the 25-29 age group.

Section III Student Completion

Miramar College Fact Book 2015

This section of the Fact Book contains information on various student completion outcomes which may be considered indirect assessments of student learning. The outcomes included in this section are: 1) Annual Successful Course Completion Rates, 2) Annual Retention Rates, 3) Annual GPA, 4) Annual Awards Conferred, and 5) Annual Transfer Volume. All of the information in this section includes five years of data by gender, ethnicity, and age. The following describes in detail each of the outcomes listed.

- 1) Successful Course Completion Rates. The first outcome reported in this section is successful course completion, or student success rate. For purposes of this report, the success rate is the percentage of students who complete a course with a grade of A, B, C, or P out of total official census enrollments. Tutoring, non-credit, and cancelled classes are excluded.
- 2) Retention Rates. The second outcome reported in this section is retention rate. For purposes of this report, the retention rate is the percentage of students who complete a course with a grade of A, B, C, D, F, P, NP, I or RD out of total official census enrollments. Tutoring and cancelled classes are excluded.
- 3) Annual GPA. The third outcome reported in this section is annual GPA. For purposes of this report, the annual GPA is the total grade point average of all students for a given academic year.
- 4) Annual Awards Conferred. The fourth outcome reported in this section is the annual awards conferred. For purposes of this report, the annual awards conferred are the total number of associate degrees and certificates awarded in a single academic year (summer, fall, and spring). *Note. Annual awards conferred that are reported in this Fact Book are considered preliminary data. Please see the upcoming Awards Conferred Supplement report for final annual awards conferred numbers.*
- 5) Annual Transfer Volume. The last outcome reported in this section is the number of students who transferred annually. For the purposes of this report, the annual transfer volume represents the total number of students who transferred to a 4-year institution and were enrolled at an SDCCD college at any time within six semesters prior to transferring (including stop outs). The student must also have completed 12 or more transferrable units from any one of the SDCCD credit colleges within six years prior to transferring to a 4-year institution. *Note: Transfer volume parameters were changed for this report beginning with the 2014 Fact Book. Final data is reported for 2009/10 – 2013/14. Additionally, due to entry requirements at the CSU/UCs that delay transferring, the number of semesters prior to transferring was increased from three to six. Thus, totals will be different when comparing historical terms to Fact Book editions prior to 2014. Please see the 2015 SDCCD Transfer Report: A Comprehensive Perspective for comparable transfer volume numbers.*

Miramar College Fact Book 2015

Overall Success Rates: Miramar College annual success rates increased by four percentage points from 71% in 2010/11 to 75% in 2014/15, with a five-year average of 73%. The success rate average at Miramar College was higher than the success rate average of all colleges in the District (69%). The Miramar College annual success rates were higher in each year compared to the annual success rates of all colleges in the District.

Miramar College Fact Book 2015

Success Rates by Gender: On average, female and male student success rates were comparable (73% & 74%, respectively) between 2010/11 and 2014/15. The success rates for both female and male students at Miramar College increased from 2010/11 to 2014/15 by four percentage points and three percentage points, respectively. At Miramar College, both female and male students had higher average success rates compared to the average success rates of the female and male student populations of all colleges in the District (70% & 68%, respectively).

Note. Unreported cells may have fewer than 25 students in a given year.

Miramar College Fact Book 2015

Success Rates by Ethnicity: On average, among reported ethnic groups, White students (77%) and Asian/Pacific Islander students (76%) had the highest success rates between 2010/11 and 2014/15. The average success rate of African American students (60%) was lower than the average success rates of the general student populations at Miramar College and all colleges in the District (73% & 69%, respectively). The average success rates of Latino students (69%) and students categorized as "Other" ethnicities (69%) were equal to the average success rate of the general student population for all colleges in the District (69%), and lower than the average success rate of the general student population at Miramar College (73%). Almost all of the reported ethnic groups showed increases in success rates between 2010/11 and 2014/15, and African American students had the greatest increase (nine percentage points).

Miramar College Fact Book 2015

Annual Awards Conferred by Gender: Of the total awards conferred at Miramar College, female and male students, on average, received comparable shares of associate degrees (49% & 51%, respectively) between 2010/11 and 2014/15. Both female and male students displayed an increase in the number of associate degrees awarded (17% & 27%, respectively) between 2010/11 and 2014/15. Female students showed a decreasing trend (21%) in the number of certificates requiring 30 to 59 units that were awarded between 2010/11 and 2014/15, while male students showed an increasing trend (24%) during the same timeframe. Among AA/AS degrees and certificates requiring 30 or fewer units, female students earned a disproportionately low share of the awards at Miramar College compared to the female student population of all colleges in the District. Male students exhibited the opposite pattern.

Miramar College Fact Book 2015

Annual Awards Conferred by Age: Approximately two thirds of the total share of associate degrees and half of the certificates awarded between 2010/11 and 2014/15 were to students between ages 18 and 29, on average. Students between ages 18 and 24 were overrepresented in the AA/AS degrees received at Miramar College when compared to the same age group within all colleges in the District.

Miramar College Fact Book 2015

Annual Transfer Volume by Ethnicity: Among those who transferred from Miramar College, 42% were White students, on average. Asian/Pacific Islander students accounted for 18% of the transfer volume and Latino students accounted for 14% of the transfer volume. Most of the ethnic groups displayed a decreased trend in transfer volume, with the exception of African American students (32%), Latino students (8%), and students categorized as "Other" ethnicities (47%) .

Miramar College Fact Book 2015

Annual Transfer Volume by CSU-UC/Private (In-State)/Out-of-State: On average, 44% of the Miramar College transfer volume were students who transferred into the California State University system (CSU), followed by students who transferred to out-of-state institutions (25%), the University of California system (UC; 17%), and then in-state private institutions (14%). Transfer volume to any system or institution decreased from 2009/10 to 2013/14, with the greatest decrease for students who transferred from Miramar College to an out-of-state institution (9%).

Miramar College Fact Book 2015

Annual Transfer Volume by CSU/UC: Of the total Miramar College transfer volume between 2009/10 and 2013/14, 61% of students transferred into either the California State University (CSU) or University of California (UC) systems, on average (44% & 17%, respectively; see Table 3.21). Of the total number of students who transferred to CSU or UC systems, the majority of students went to CSU (72%) and more than one quarter went to UC (28%), on average. There was a decreased trend in the number of students who transferred from Miramar College to both the CSU system (3%) and the UC system (4%) between 2009/10 and 2013/14.

Section IV
Productivity and Efficiency

Miramar College Fact Book 2015

This section of the Fact Book contains information on productivity and efficiency measures. The following describes in detail each of the measures:

1) FTES. The first measure reported in this section is a measure of productivity. FTES is the total number of full-time equivalent students enrolled. (Includes non-residents. Excludes apprenticeship classes, students who enroll after census, apprenticeship students enrolled in a non-apprenticeship class, ineligible course repetitions, non-state supported classes, and cancelled classes.) F-Factor is included when reported annually.

2) Enrollments. The second measure in this section of the report is also a measure of productivity. Enrollments are the number of seats enrolled, or duplicated headcount, based on official census. Drops, never attends, cancelled, and tutoring classes are excluded, as well as year-long summer in-service classes at Miramar College.

3) Fill Rates. The third measure reported in this section is a measure of efficiency. Fill rates are the enrollment divided by the course enrollment capacity as set in the curriculum outline. Apprenticeship, in-service, cancelled, tutoring classes, and classes with a capacity of 0 or 1 are excluded. Positive attendance credit sections PHYE 153W-153Y and EXSC 124A-124D series are excluded from Miramar College fill rates.

4) Load. The fourth measure reported in this section is a measure of efficiency. Load is the ratio of Weekly Student Contact Hours (WSCH) to Full-time Equivalent Faculty (FTEF). Miramar College excludes all in-service classes. Tutoring, positive attendance, and cancelled sections are excluded.

Miramar College Fact Book 2015

Annual Resident FTES: Miramar College resident credit FTES decreased between 2010/11 and 2012/13 (471 fewer FTES), and then increased between 2012/13 and 2014/15 (973 additional FTES), yielding a 7% net increase over the five years. The noncredit FTES trend varied, increasing from 11 FTES in 2010/11 to 19 FTES in 2014/15, which yielded a 73% increase over the five years.

Miramar College Fact Book 2015

Enrollments: From Summer 2010 to Summer 2011, Miramar College enrollment sharply decreased; however, enrollment increased somewhat in Summer 2014, yielding a 43% net decrease from Summer 2010 to Summer 2014 (compared to a 27% decrease for all colleges in the District). Overall Miramar College enrollment increased 1% between Fall 2010 and Fall 2014, and 1% between Spring 2011 and Spring 2015, while enrollment for all colleges in the District declined 7% each during the same period.

Figure 4.2.1 Miramar College Enrollments (Summer)

Figure 4.2.2 Miramar College Enrollments (Fall)

Figure 4.2.3. Miramar College Enrollments (Spring)

Miramar College Fact Book 2015

Fill Rates: Between 2010/11 and 2014/15, the overall average Miramar College fill rates were higher in fall and spring (96% & 93%, respectively) than in summer (89%). Between 2010/11 and 2014/15, fill rates decreased for summer (93% to 86%, respectively), fall (97% to 91%, respectively), and spring terms (92% to 88%, respectively). On average, fill rates were higher for the on campus mode of instruction in the fall and spring terms (97% & 93%, respectively) when compared to the online mode of instruction (91% & 90%, respectively), while summer on campus (90%) and online (88%) modes of instruction were comparable. On average, Miramar College fill rates were comparable to the summer, fall, and spring fill rates for all colleges in the District (85%, 91%, & 87%, respectively).

Human Resources

Miramar College Fact Book 2015

This section of the Fact Book contains information on the number and classification of employees during the Fall 2014 semester. The information is reported as follows:

- 1) Employment Type
- 2) Ethnicity
- 3) Gender

Miramar College Fact Book 2015

Fall 2014 Employee Breakdown: There were a total of 881 employees working at Miramar College during Fall 2014. Over half of the Miramar College employees were adjunct faculty (54%), followed by non-academic hourly (20%), contract faculty (12%), and classified staff (9%). Supervisory staff and management constituted the smallest proportions of Miramar College employees at 2% and 1%, respectively.

The ethnic breakdown showed that White employees comprised 54% of the total employee population, followed by Asian employees (16%) and Latino employees (12%). Among classified staff, White employees comprised slightly less than one third (29%) of the employees and made up more than half of the teaching faculty positions (56% for contract & 65% for adjunct). White employees constituted nearly one sixth of the management (15%) positions and nearly half of the supervisory (48%) positions. Asian employees comprised nearly one sixth (15%) of the management positions and more than one quarter (29%) of the supervisory positions. Latino employees comprised nearly one third (31%) of management positions and 5% of the supervisory positions. African American employees constituted 8% of the management positions and 5% of the supervisory positions.
