more petitions for graduation submitted than the 2013-2014 academic year

88%

increase in Associate Degree for Transfer applications

Most popular degree sought in 2014-2015:

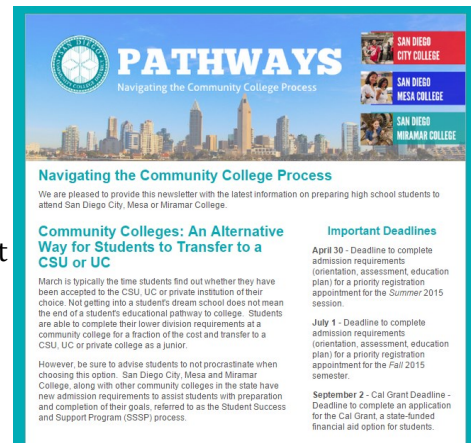

AS-T Business Administration for Transfer

Pathways: High School Counselor Newsletter

This month, District Student Services released the first newsletter to San Diego Unified high school counselors titled: *"Pathways - Navigating the Community College Process."* *Pathways* is a bi-annual newsletter that provides high school counselors with important information to better prepare students for the transition to community college. By providing clear and specific steps, the goal of the newsletter is to clarify the process for students to complete the Student Success and Support Program (SSSP) requirements in time to receive a registration priority for the Fall semester.

Providing this information early will give prospective students enough time to complete the admissions and SSSP process by the July 1st deadline.

To view the newsletter, please visit: <http://goo.gl/76SVxx>

Consumer Information Website

District Student Services has launched a new *"Consumer Information"* webpage in compliance with Federal regulations under the Higher Education Opportunity Act (HEOA). The webpage provides students with important information about the colleges, including a listing of the academic programs on campus, financial aid regulations, students' right-to-know rates, annual cost of college, student demographics, health and safety information and much more. The disclosures provide students and the community with important information to assist students with making their choice in the college they wish to enroll.

The webpage will be launched next month and posted on the district and college websites. The webpage will be located at <http://www.sdccd.edu/consumer>

2015 Student Success Scorecard

The 2015 Student Success Scorecard was released earlier this month showing the progress that San Diego City, Mesa and Miramar College and Continuing Education has made through a variety of success indicators. One of the new data points in this year's scorecard is the percentage of first-generation students that attend San Diego City, Mesa and Miramar College. Please click on the links below to view the scorecard data:

- [San Diego City Scorecard](#)
- [San Diego Mesa Scorecard](#)
- [San Diego Miramar Scorecard](#)

SDCCD to Partner with EverFi & Haven to Provide Sexual Harassment and Assault Prevention Training

As part of the District's comprehensive sexual harassment and assault prevention program, District Student Services has partnered with EverFi to provide an engaging, research-based online sexual violence orientation and training program to students and employees.

Haven is a web-based course that addresses the critical issues of sexual assault, relationship violence, and stalking, which impact countless college students across the country. Haven provides incoming students with important information, including key definitions, bystander strategies, and resources that will help to foster a safer and healthier learning environment. Please stay tuned as we implement Haven to help build a stronger, safer community.

Campus Solutions Update

The Campus Solutions team is continuing to work on program configuration and preparing for conversion of more than 2.5 million student records, as well as hundreds of thousands of course and catalog records. The team would like to welcome David Spence (Student Services) and Rob Bailey (Information Technology) to lead the Campus Solutions conversion team.
